BexarMet Eases Northside Water Restrictions

BexarMet customers in Stone Oak, The Vineyards, Greystone, Hill Country Village, Hollywood Park, Timberwood Park, Lookout Canyon and Canyon Springs are notified of loosening restrictions

(SAN ANTONIO, TX) BexarMet customers in the areas listed above may water their lawns by hand at any time on any day of the week under schedule modifications issued late Wednesday by the water utility. Under the watering schedule issued on August 24, 2006, BexarMet customers were only allowed to hand water on their assigned watering day. The new schedule allows hand watering at any time, on any day of the week. The approved hours for watering with automatic or hose-end sprinklers and soaker hoses remains the same from 8pm to midnight on the designated watering day.

BexarMet will continue to closely monitor conditions to assure sufficient water supply for essential domestic needs and fire protection and will adjust landscape watering schedules accordingly.

For landscape watering tips, conservation information and the latest updates on watering restrictions for all BexarMet customers log on to www.bexarmet.org.
